

BUILDER'S RESIDENTIAL LIMITED WARRANTY

Builder: Arnot Development Group, Inc.

Buyer: _____

Property Address: _____

Note to Buyer: All new residential construction goes through a period of stabilization and as the seasons change, periods of expansion and/or contraction will occur. As a result, the home will experience minor material changes which are unavoidable and considered normal. The Buyer should also be aware that he/she is responsible for proper home maintenance. Damage caused by Buyer's negligence, improper maintenance or changes, alterations, or additions performed by anyone other than this Builder, its employees, or subcontractors is excluded from the warranty. Buyer is not permitted to hire Builder's subcontractors directly for any work on the property during the period of this warranty without the Builder's prior written permission. Work performed by the Builder's subcontractor that is not overseen by the Builder is excluded from this warranty.

Builder hereby grants a one year limited warranty to the above Buyer for the residential construction project at the above property address, under the following terms and conditions:

1. **Term** – The term of this warranty is limited to 12 months from the "Date of Completion" of the building. The "Date of Completion" is defined as the earlier of: (a) the date the Buyer takes occupancy of said home; or (b) the date on which Buyer and Builder conduct Builder's closing for said home; or (c) the date that written notice of substantial completion is provided to Buyer from the Builder; or (d) the date an occupancy permit is issued for the property. The term of this warranty may be affected in circumstances related to a Work Stoppage or Construction Delay, as defined in the Contract.

2. **Coverage** – Subject to the exclusions set forth below, the Builder warrants that the building will be free from defects in workmanship and materials, consistent with applicable building codes and the generally accepted industry standards existing at the time of construction. Said generally accepted industry standards include but are not limited to the minimum performance standards as defined in the Construction Industry Quality Standards established by the National Association of Homebuilders hereinafter referred to as the "Construction Industry Quality Standards." Said warranty is limited to corrections of structural errors and material failures and is not to be construed as a maintenance warranty.

There shall be no money withheld by Buyer for items covered by the Builder's warranty. This warranty, including the assignment of manufacturer's warranty in Paragraph 9 below, is void and unenforceable unless payment in full is made on or before the "Date of Transfer".

3. **Exclusions** – The following items are not covered by this warranty:

(a) **Homeowner Maintenance & Use Responsibilities:**
