Total Acreage: 74.400

Bdrms Above: 8

Bdrms Total: 8

Basement: Full

Basement Dev: Fully Finished

Tot A.G. SqM: 540.00

This stunning home was designed and built by renowned architect Jim Wensley & was his personal home. It is a masterpiece of Fir post & beam construction with exposed concrete, surrounded by one of the most beautiful forests outside of Edmonton and offers over 74 acres of unmatched privacy. Two inch thick Herringbone quarry tile is found throughout, chosen for its natural beauty and longevity. Its simplicity is stunning. Huge beams of timber & pure forest cut lumber capture both the classic & modern approach the architect desired to achieve. The grounds around the home are a blend of artful design with a beautiful in-ground pool, manicured grass with inviting outdoor seating areas, including a change facility. A luscious forest surrounds the home with an enviable stand of soaring Jack pine. Beautiful fenced paddock & extensive fencing is a perfect place for horses to roam the land. This home is truly a retreat for those who appreciate exquisite living inside and out. Subdivision of land is possible.
